

## PCGI EXPANDS TEAM DEEPENING GLOBAL AND ASIAN EXPERIENCE

WASHINGTON, DC, July 9, 2008 – [PCG International](http://www.pcgi.net) (“PCGI”) ([www.pcgi.net](http://www.pcgi.net)), a leading international [private equity](#) fund-of-funds manager, based in Washington, DC, announced it has added three members to its [team](#), Charles Toy, Bernard McGuire and Amit Chandra.

Steve Cowan, Managing Director at PCGI, said, “We feel privileged to add such exceptionally talented people to PCGI’s team. Charlie, Bernie and Amit bring deep and complementary private equity experience to our team. While they each have global perspective, having been involved in private equity throughout the world, they have also lived and worked in Asia for significant periods. Although we are a global firm, we value the insight we gain from the fact that three-quarters of our investment team has lived in Asia.”

Joining PCGI as a Managing Director, Charles Toy previously served as General Counsel at the Overseas Private Investment Corporation (“OPIC”). He also oversaw, at different times, OPIC’s project finance and private equity programs. Earlier, as a partner at Kaye Scholer, he opened the firm’s Hong Kong and Beijing offices and engaged in investment transactions across industry sectors. Mr. Toy holds a BA and a JD from Harvard University and speaks Mandarin and Cantonese.

Bernard McGuire also joins PCGI as a Managing Director. After more than a decade working in China, and elsewhere in the Asia Pacific region, as a direct private equity investor and entrepreneur, Mr. McGuire served as a Director in OPIC’s private equity department, with global responsibility and a particular emphasis on Latin America and Africa. Mr. McGuire holds a BA and a BS from Vanderbilt, an MBA from the Cass Business School and has a working knowledge of Mandarin.

PCGI has also hired Amit Chandra, as a Senior Associate. Prior to PCGI, Mr. Chandra was an associate with Key Principal Partners, where he invested in mid-market private equity transactions in the US. He holds a Bachelor of Engineering degree from Maharaja Sayajirao University in Baroda, India, an MS in Management from Case Western and an MBA from the University of Chicago. Mr. Chandra speaks Gujarati and Hindi.

### **About PCGI**

Based in Washington, DC, PCGI is an investment manager focused on partnership and co-investment in select private equity markets outside of the US. With more than \$1 billion under management, PCGI has more than 100 years of collective experience investing in international private equity markets.
